

1.50 mm kalınlıkta standart üst tabla
Standard 15/10 mm top thickness

TECHNICAL SPECIFICATIONS

Thanks to the stainless steel body, it is long-lasting and durable. The top table with rounded corners makes it easy to clean. All furnaces are produced with special molds and press pressed. Thanks to the pressed monolithic top table, durability has increased. It has an ergonomic design that provides comfort to the user. There are 6 pieces of 300 * 300 mm 3 kW glass cooking surfaces. Cooking surfaces are controlled by a touch LED panel. There is a time adjustment function and 10 different power adjustment functions for each compartment separately. Precautions have been taken with electronic overheating protection against high temperatures that may be generated. There is voltage protection against electrical voltage drop and increase that may occur. With the pan protection, unsuitable use of pans or pans is prevented. It can be used with a set-top or bottom stand.

GENERAL FEATURES

The front, back and side panels are made of 1mm Scotch Brite stainless steel. The top table is 1.5 mm AISI 304 stainless steel. There are 6 pieces of 300x300 mm 3 kW glass cooking surfaces. The cooking surfaces are hermetically mounted on the top table. It does not leave any gaps between the units with the 90° angled side edges created by laser cutting. Thus, it does not allow dirt to collect between the units.

CONSTRUCTION FEATURES

Stainless steel construction suitable for heavy use conditions;

The upper table thickness is 1.5 mm made of AISI 304 stainless steel material.

Body sheets are made of 1 mm Scotch Brite stainless steel material.

It does not leave any gaps between the units with the 90° angled side edges created by laser cutting. Thus, it does not allow dirt to collect between the units.

SAFETY EQUIPMENT &

APPROVALS

Precautions have been taken against high temperatures that may occur with electronic overheating protection.

There is voltage protection against electrical voltage drop or increase that may occur.

There is CE certification for all directives and regulations.
